

CHIGS JYC COVID-19 PROCEDURE FOR CHILDREN ATTENDING SUMMER SCHEME

Child has symptoms of COVID-19: a high temperature, a new continuous cough or a loss or change to sense of smell or taste.

If child is at scheme: Anyone who develops COVID-19 symptoms, however mild, will be sent home (and siblings). Whilst a child is awaiting collection, they will be moved into a separate room – see risk assessment for more details.

If child is at home: you must not come to scheme. Contact us to let us know.

Child and household must **self-isolate immediately** and arrange a **PCR test**. You must stay at home until you get your test result.

Inform us of a positive PCR result **immediately**.

Inform us of a negative result.

Child can return to scheme if they have not had a high temperature for 48 hours and feel well enough.

Is the date before or after 16th August?

Before

After

Before: Individual testing positive must legally isolate for 10 days and household members.

Close contacts will be identified via NHS Test and Trace and will have to isolate following their advice.

Contacts from an out-of-school setting will only be traced by NHS Test and Trace where the positive case specifically identifies the individual as being a close contact. This is likely to be a small number of individuals who would be most at risk of contracting COVID-19 due to the nature of the close contact. Chigs will be contacted in exceptional cases to help with identifying close contacts.

After: Individual testing positive must legally isolate for 10 days.

Children under 18 will no longer be required to self-isolate if they are contacted by NHS Test and Trace as a close contact of a positive case.

Instead, children will be informed they are a close contact and advised to take a PCR test. You can continue to attend scheme if you do not have any symptoms.

Over 18 close contacts: double vaccinated people will no longer be legally required to self-isolate. You can continue to attend scheme if you do not have any symptoms and continue with lateral flow testing.

You must contact us **immediately** if you develop symptoms or receive test results. It is important that you continue to keep us informed of any COVID related developments. We will be able to advise where appropriate, but you will need to follow the advice of NHS Test and Trace.

Contact Details:

Monday – Thursday between 8:30 and 5:00pm please call the club landline: 02085001610.

Out of hours please contact Sandra (07960014744) or Josh (07804216975).
